THE RULES

This event will be conducted as per the ROWING NEW ZEALAND RULES OF RACING

To include local regatta clauses and lake pukeriri conditions

The races will be held over 1000m

The designated course will be 6 lanes for racing with no defined lanes except outer boundaries

Start at the northern end of the lake and the finish at the southern end of the lake.

The traffic pattern will be to launch boats from the trailer/ boat park and proceed to the northern end of the lake to the start area as directed.

Boats will be aligned at the start from either a fixed shore position or floating position

The finish will be monitored by either a shore position or floating position

Boats will be required to return to the boat park area after crossing the finish to leave the water

All rowers and coaches are required to attend the safety briefing

Each club or school are responsible for ensuring their boats, equipment are compliant for racing

Boat / lane numbers are to be supplied by clubs or schools

Mixed crews will be allowed to race in any event at the discretion of regatta control

The judges decision will be final, protests will not be heard. This is a fun regatta
